

SBD

SOUL WARMING INTERIORS

timeless DESIGN

OVERVIEW

From Concept to realization we take great pride in designing luxurious, soul warming interiors distinctly tailored to the unique characteristics of each community we serve. We embrace a flair for elegant, eye catching details that playfully fuse the familiar with the unexpected, from incorporating renowned local artists to exotic antiques sourced from all corners of the world. It's our great love of family that inspires all of our designs, and our aim is to reflect that genuine respect and love by making each community a place where residents love to live, and professionals love to work.

Having designed 400+ senior living communities and procured over 50M in acquisitions, SBD has created an unparalleled niche in designing interior and exterior senior living that is management, owner and resident focused through being flexible, collaborative and responsive.

We are not a catalog-inspired design firm. Our team scours markets around the world to hand-select collectible found items, antiques, customized art and furniture from local craftsmen and multi-national manufacturers that fulfill our customers' requirements. These items are stored in our 35,000 square foot warehouse allowing us to offer these high-quality furnishings at minimal cost.

PROCUREMENT AND INSTALLATION

We offer the best and most cost effective interior design while providing all the memories and features of homes. We believe in thoughtful design that will create a “return on investment.”

- Inventory Survey
- Purchasing Management
- Pre-Installation Warehousing
- Installation
- Art-work Selection, Purchase, and Installation
- Accessory Selection, Purchase, and Installation

We pride ourselves of never going over budget!

OVERALL DESIGN & DEVELOPMENT

Our design and dedicated procurement teams re-imagine environments to create a better way of living. No two projects are alike.

- Project Management
- Project Coordination with Owners, Architects, and Contractors
- Contract & Construction Administration
- Scheduling
- Specifications
- Budgeting
- Quality Control

SBD FF&E SERVICES

- Review of scope of the project with owner's objectives and determine agreed FF&E budget criteria and furniture preferences.
- Prepare preliminary furniture layouts for all areas.
- Prepare preliminary budget figures for all areas based on the preliminary furniture layout.
- Upon approval of preliminary furniture layouts and budget, procure and deliver furniture, art, and accessories in preparation for installation.

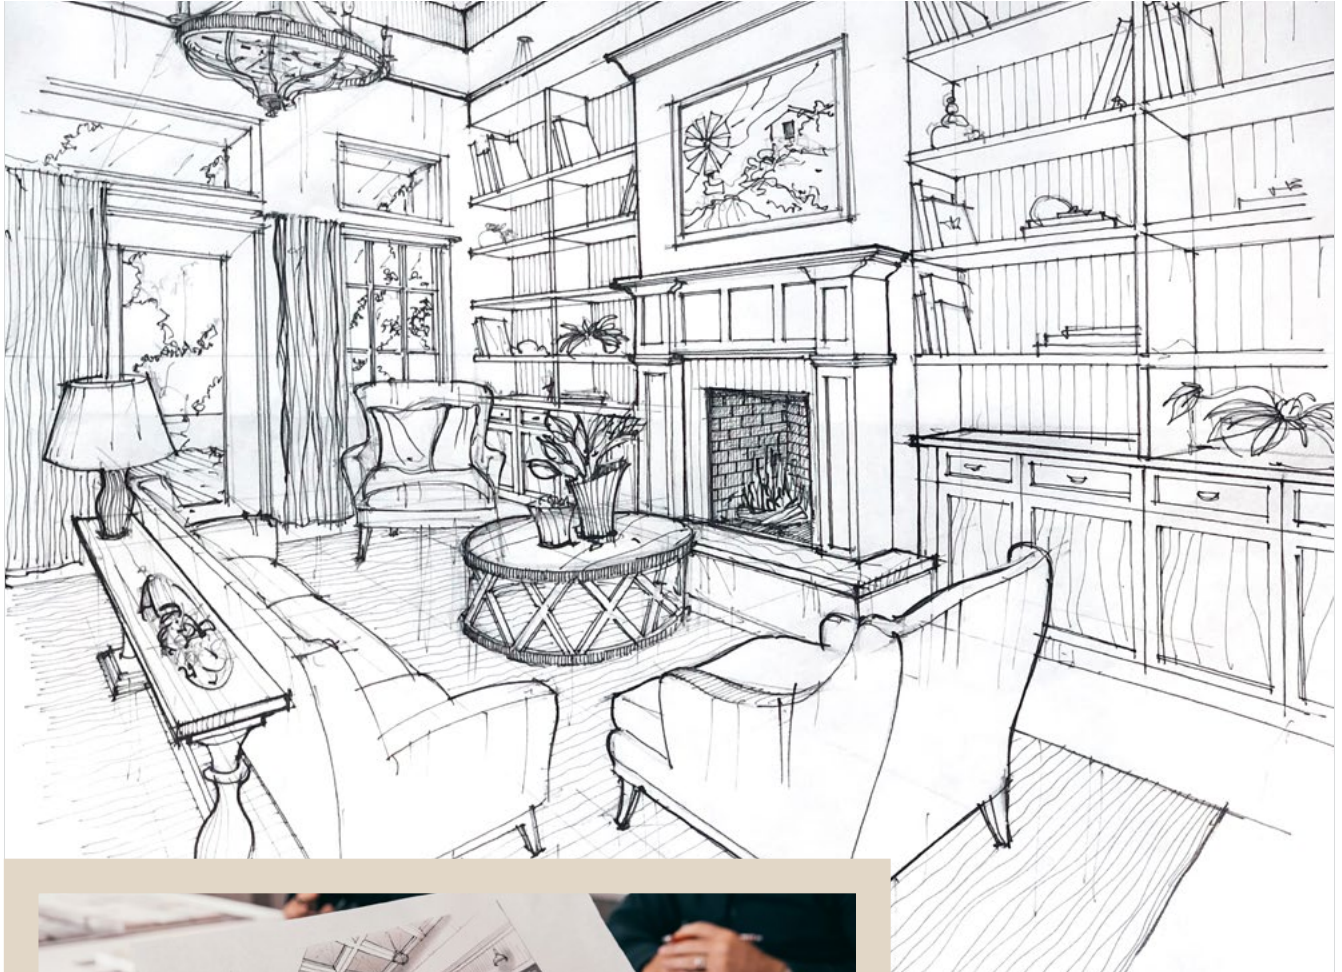

"We want our choices to create environments that hug and embrace those who live within them; spaces they are proud to call home."

to COMPLETION

Our unique approach to design and offering high quality furnishings at a minimal cost has resulted in our communities leasing at a faster rate and continues to serve as an inspiration to everyone living and working in them.

SBD design center **WAREHOUSE**

- Saves money not using receivers
- Product always arrives on time
- Packaged with staging photography for easy & precise assembly
- Fine furniture at a great price
- Unique world wide assortment of product

Working beyond the constraints of catalogs gives us the opportunity to foster longstanding relationships with international artisans across Europe, Indonesia, Bali, Mexico, and China, so we can incorporate bespoke pieces that transform otherwise ordinary spaces. Our warehouse enables us to source and store readily available, timeless pieces.

Our turnkey approach results in individualized design that is intelligent, elegant, unique and functional. We consider every piece of furniture from the perspective of our residents to ensure that our spaces are not only beautiful, but also maintain the highest standards for both comfort and long-term wearability.

PRESENTATION OF DESIGN ELEMENTS TO CLIENTS

ABOUT *us*

WHO WE ARE

SBD founder Reid Bonner, and his team of talented designers have collectively been designing, creating and manufacturing interior products for over 25 years. Every detail of our work is given serious consideration, from the overall look of a property, to personally comfort testing and often customizing each seating option we offer. We take great pride in creating beautiful, functional and well-designed communities within our industry. Our unique approach results in luxurious, soul warming interiors that are often found in America's most beautiful homes.

about us

OUR INSPIRATION

At the very core of what sets SBD apart from other design firms is Reid's intimate connection to his beloved father and grandmother. It is the first-hand experience, caring for his loved ones and his reflections on the latter years of their shared experiences living within senior living communities that drives and inspires his senior living design aesthetic.

After 15 years in the art world, Reid has secured the finest client relationships, thereby allowing SBD the ability to provide original works at unparalleled value. SBD represents the epitome of Reid's and his team of highly skilled designers, design aesthetic, which is driven by his passion to create communities that reflect the warmth and inspiration of our amazing seniors.

"The SBD team hit a home run with the interior design of Stone Creek of Flying Horse Assisted Living/Memory Care building located in Colorado Springs Co. There are big mountain views of Pikes Peak and the Air Force Academy from this Community. Besides the spectacular setting, the interior design team did an incredible job at capturing the heart of Colorado and bringing it into the building. From the antique totems that greet you at the front door to the giant aspen leaves suspended from the dining room ceiling, from the fishing lures in the library, to the antler chandeliers, & pictures of the founding father's of Colorado Springs (Penrose & Palmer), to the petrified wood coffee table, the sofa that has real cow hide, everything comes together in harmony to create a vibrant peaceful setting that reminds you that you are indeed in Colorado. SBD tells a story personalized for each location. They paid attention to every detail to complete a very upscale story. Very impressive!"

Debra Maddox

Director of Community Relations, Stone Creek of Flying Horse

"Detailed, specific & honest" I love this group of people, they are a true example of kindness and professionalism."

Samantha Davis

Designers Choice Kitchen

"We love working with SBD because they make our communities feel upscale but also feel like home. They cater each building design to the area it's located, and they don't order out of a catalogue, so each community design is unique. The jaw-dropping response we get when a family or resident walks into the building for the first time makes all of their effort worth it."

Cody Cotten

Sr. VP Project and Asset Management, Civitas Senior Living

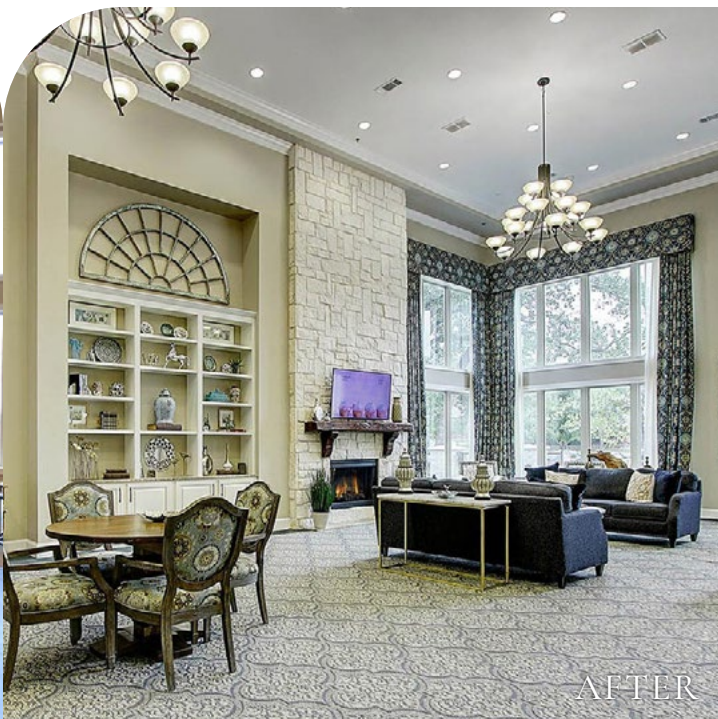

"SBD seamlessly coordinated and completed design concepts from the construction side, making this a truly enjoyable project. From excellent communication of the specific detailed design concept, to the orientation and implementation of those designs, SBD coordinated very well with our construction team to bring together an end result that was nothing less than AMAZING!"

Steve Sexton

Project Executive, Senior Living Ridgmont Commercial Construction
